Awad Ali

Kochi, India | (+91) 9567530485 | mailtoawadali@gmail.com | LinkedIn

Passionate full-stack developer with a specialization in creating visually appealing and intuitive web experiences. I thrive on building efficient, scalable, and user-friendly web applications. With a keen eye for design and a strong attention to detail, I excel in both front-end and back-end development, ensuring a seamless user experience.

WORK EXPERIENCES

Software Engineer
Kochi, Kerala, India
SFO Technologies| May 2025 – Present

- Building an advanced employee tracking system covering attendance, movement tracking, leave management, and project progress monitoring.
- Developing the platform using Next.js for frontend and .NET for backend to ensure performance, reliability, and scalability.
- Designed and implemented a complete freight management system with modules for billing, invoicing, purchase orders, inward processing, role management, and vendor management.

Chief Technology Officer
Kochi, Kerala, India
Arwa World | Mar 2024 – Apr 2025

- Led Arwa's technology strategy and end-to-end project execution with a focus on scalability and innovation.
- Delivered premium websites and software solutions for clients in Dubai across multiple industries.
- Managed a multidisciplinary team of developers and designers, ensuring high-quality and on-time delivery.
- Implemented modern technology stacks including Next.js, Django (Python), Node.js with Express, and Strapi.
- Played a key role in business development, client communication, and technical consulting to enhance client satisfaction.

Software Engineer
Kochi, Kerala, India
Steyp (Full-time) | Apr 2022 – Mar 2024

- Crafted captivating UIs for Steyp E-learning platform, resulting in a remarkable 50% revenue surge and expedited project deliveries by leveraging React, Next.js, Tailwind CSS, and other cutting-edge frontend technologies.
- Orchestrated and motivated a cohesive team of 11 individuals, fostering effective teamwork and collaboration to achieve project milestones.
- Delivered immediate and responsive assistance within the Steyp Ed-Tech platform to support learners in their coding journey in real time.
- Revolutionized the e-learning platform by introducing a groundbreaking feature that meticulously segregates day-to-day classes, significantly transforming the user experience.

- Elevated codebase quality through meticulous refactoring efforts and significantly improved application performance through strategic code splitting.
- Enhanced code quality, maintainability, and scalability by actively participating in and contributing to code reviews.

Software Intern
Kochi, Kerala, India
Steyp (Internship) | Oct 2021 – Apr 2022

- Designed React and SCSS-based UI for live projects, demonstrating front-end proficiency.
- Developed RESTful APIs using Python Django and Django Rest Framework.
- Conducted independent research to stay updated on full-stack development trends.
- Demonstrated leadership by training junior learners and fostering collaboration.

EDUCATION

MERN Stack Development
Brototype, Kerala, India Aug
2021 – Oct 2021

- Designed React and SCSS-based UI for live projects, demonstrating front-end proficiency.

Bachelor of Computer Applications
Manipal University, India
Aug 2024 – Present

- Major in Computer Application

PROJECTS

Tegain-ERP (Live ERP)

- Developed user-friendly ERP dashboard for client management and HR management system.
- Utilized Typescript, Next.js, Shadcn/UI, Tailwind, and Django.
- Optimized user engagement and revenue by combining ERP functionalities.

Steyp Dashboard (Live E-learning)

- Designed an E-learning dashboard using React.js, Material UI, and Styled Components.
- Created a day-by-day dashboard tailored for students.
- Developed a live support system for real-time assistance.
- Implemented continuous tech updates on the latest technology.
- Designed and implemented template theme control and personalized user profiles.
- Simplified subscription management with one-click enable/disable functionality via the dashboard, ensuring flexibility and convenience.
- Integrated a live scheduling feature, enabling precise playback at scheduled times.

SKILLS & TOOLS

Hard Skills:

- **Programming Languages:** JavaScript, PHP, Python
- **Frontend Stack:** HTML, CSS, React.js, Next.js, Angular, Vue.js, Tailwind CSS, SCSS, jQuery, Bootstrap
- **Backend Stack:** Node.js, Express, Django

- **Databases:** MongoDB, Firebase, MySQL, PostgreSQL
- **Others:** Git, AWS, DevOps, GraphQL, Jest, CI/CD

Soft Skills:

- Communication, Problem-solving, Adaptability, Collaboration, Attention to detail, Time management, Continuous learning

LANGUAGES

- English
- Malayalam

CERTIFICATES

- DevOps for web development: Microsoft & Google (2023)
- Software Engineer: Steyp (2023)
